

TASFIA SHOBNOM ANIKA

tasfaanika17@gmail.com | +8801886896706 | LinkedIn | GitHub |

SUMMARY

Computer Science graduate with hands-on experience in full-stack development, AI-driven applications, cybersecurity operations and Human-Computer Interaction. Skilled in building real-world solutions using Python, JavaScript, REST APIs, and database systems with a focus on scalable and user-centric application design. Experienced in problem-solving, cross-functional collaboration, and delivering data-driven solutions. Interested in contributing to digital transformation initiatives within a dynamic, learning-focused environment.

EDUCATION

Bachelor of Science in Computer Science

BRAC University, Dhaka, Bangladesh

2021 – 2025

CGPA: 3.41/4.00

Higher Secondary Certificate (HSC), Science

Holy Cross College, Dhaka, Bangladesh

2018 – 2020

GPA: 5.00/5.00

EXPERIENCE

Cybersecurity Intern, Digitalyst

Banglalink Digital Communications Ltd.

Feb 2026 – May 2026

Dhaka, Bangladesh

- Delivered cybersecurity awareness training and phishing simulations for 1,100+ employees, strengthening phishing awareness and security resilience.
- Conducted vulnerability assessments with Tenable Nessus and monitored security events using CrowdStrike, SIEM, and UEBA tools to enhance security posture and compliance.
- Developed 30+ UEBA use cases, simulated attack scenarios, and researched WAF controls to improve threat detection and cyber defense capabilities.

Mentee, Womentor 6.0

Banglalink Digital Communications Ltd.

Dec 2024 – July 2025

Dhaka, Bangladesh

- Selected for Banglalink's Womentor 6.0 program to develop leadership and digital business skills.
- Completed cross-functional training in cybersecurity, cloud computing, business intelligence, and corporate communication.
- Collaborated with industry leaders to strengthen stakeholder management and business operations knowledge.

RESEARCH & PUBLICATIONS

Towards Usable Cybercrime Reporting Systems through the Usability Principles: A Study in the Context of Bangladesh

Undergraduate Thesis, BRAC University

Ongoing Research

- Conducted HCI and usability research on Bangladesh's cybercrime reporting systems using heuristic evaluation, user testing, and stakeholder interviews.
- Designed and validated an improved reporting platform to enhance accessibility, user experience, and reporting effectiveness.
- Currently preparing the work for research publication.

PROJECTS

BRACU CGPA Calculator AI Study Planner — React, Node.js/Express, MongoDB, Material-UI [GitHub]

- Developed a full-stack platform for CGPA tracking and personalized study planning.
- Automated academic decision-making through AI-driven study recommendations.

Cybercrime Reporting Platform — Spring Boot, React.js, PostgreSQL, Docker [GitHub]

- Built a secure platform to streamline cybercrime reporting and case management.
- Enhanced reporting transparency and accessibility through RBAC and real-time tracking.

Easy Edu Educational Platform — Django, Python, MySQL [GitHub]

- Developed a role-based platform for efficient learning and academic administration.
- Improved user experience through secure authentication and centralized management.

Trip Management Web App — PHP, MySQL

- Built a platform to simplify trip planning, budgeting, and itinerary management.
- Improved travel organization through cost estimation and automated trip tracking.

TECHNICAL SKILLS

Programming: Python, Java, C++, JavaScript, SQL

Frameworks: React, Node.js, Express.js, Django, REST APIs

Cybersecurity: CrowdStrike, Tenable Nessus, SIEM, UEBA, Vulnerability Assessment, Incident Response

Systems & Platforms: Linux, Parrot OS, Windows, System Administration, Troubleshooting

Databases & Tools: MongoDB, PostgreSQL, MySQL, Docker, Git

EXTRACURRICULAR ACTIVITIES

- **Bronze Standard, Duke of Edinburgh's International Award (2022-2023):** Demonstrated leadership, teamwork, community engagement, and personal development through structured challenges and service activities.
- **Publication Secretary — Holy Cross College Debating Club (2018–2020):** Managed publications, event coordination, member engagement, and sponsor relations for the Inter Debate Fest, developing leadership, communication, and stakeholder management skills.
